Paper plate Bird

Use the paper plate to make a bird. This remind us that God love us more than the birds of the air.

1. Cut out the body shape using the guidelines
 2. Cut out the heart shape, this will be the wings
 3. Cut out the beak
 4. Color /decorate the body, wings and beak
 5. Glue the wings onto the body
 6. Add an eye (use the googly eye or draw your own)
 7. Glue the beak in place
- Optional – you could add some string and hang your bird somewhere you'll see it often.
